OUR BRAVE SOLDIER BOYS

Examining Board Completed Selections Thursday. Many Claim Exemption. Few Desert. Splendid Lot of Men

Beginning early Monday morning and continuing until noon yesterday the examining Board appointed to select 183 of our young men for military service out of 403 notified to appear completed the work assigned to them and reported their findings to the Adjutant General of the state. The board composed of Dr. A. A. Taylor, chm., Jesse Richardson, sec. and Dr. W. D. West, assisted by Drs. H. E. Tatum, J. W. Shopshire A. W. Zillman and J. D. Brummell worked faithfully all day and at night straightened out their records and that their duties were efficiently and conscientiously performed, there can be no sort of question. The duties devolving on the board were onerous and disliked but the patriotism of each outweighed the disposition to evade. The regular board is in for the duration of the war, being under the same rules as the men drafted for service. It would be hard to locate a finer lot of young men than the great majority of the 403 who responded to the summons and appeared before the board. Principally from the farms, they were healthy, athletic and physically fit for making fine soldiers or any other material where activity, endurance and intelligence are needed. While the big majority clearly indicated by their countenance their conception of the seriousness of their situations, only one but met the ordeal and its results with unflinching firmness and determination to see it thru, and this exception, an afflicted boy who attempted suicide in the corridor of the court house where examination was held, while awaiting his call. Needless to say the board promptly discharged him.

Louis Merrill of Brunswick was appointed attorney for this district. He has asked to be relieved from the office. Such attorneys have been instructed to appeal each and every claim for exemption.

Below we give the complete list of all those chosen, discharged, claiming exemption and failing to appear. Those who failed to appear for examination were certified the same as tho the board had examined them and they will be located and treated as deserters.

One hundred and fifty more of those registered will get notices from the board to appear before it Wednesday and Thursday next week for examinations. The numbers will run consecutively from 403 up. This call was made necessary to fill the 183 called for by the first draft.
